2025 AEC Educational Program

Monday, March 17, 2024

ay ;		Pre-Conference Workshop	Preconference Workshop	Preconference Workshop		
pu		Salon 5	Salon 6	Salon 7		
Mor	8:00 am - Noon	A Deep Dive Into Office	BCPE Ergonomics Certification	Effective Test and Evaluation of		
	0.00 am - Noon	Ergonomic Standards		New Safety Technologies		
		Teresa Bellingar, Haworth	Robert Smilie	Marisol Barerro, Vibrantz and Jesse		
		reresa Beilingar, Haworth	Robert Strille	Jacobs, Liberty Mutual		
	Noon - 1:00 pm					
ay 3/17	1:00 pm - 5:00 pm	Mastering Ergonomics: The Blueprint for an Effective Process	BCPE Ergonomics Certification			
nda		Rick Barker, VelocityEHS	Robert Smilie			
Mo	5:00 pm - 6:30 pm		Welcome Rece	eption and Ergo Cup Team Photos ((Grand Ballroom)	

Tuesday, March 18, 2025

Tuesday	Track	Advancements in Ergonomics 1	Ergonomics Programs 1	Ergonomics in Action 1	MT/ RT	Student/ YP 1
Tue	Session Coordinator: TBD	Salon 1/2	Salon 11/12	Salon 3	Salon 9	Salon 4
		4454	4256	FEATURED SPEAKER	4763	4299
3/18	8:00 am - 8:30 am	Inclusive Design and Creating Accessible Products: Designing Work Environments for a Diverse Workforce	AGCO Case Study: Utilizing a Continuous Improvement Focus in Deploying a Sustainable Ergonomics Process	Existentialism + Ergonomics = EHS Leadership	Roundtable Discussion: Integrating Flooring Safety and Ergonomics to Improve Workplace Safety and Reduce Liability	Entering the Field: Advice for Soon to Be Grads, Post Grads and New Hires.
Tuesday 3		Ashley Mayo, PT, DPT, AEP, Fit For Work	Blake McGowan, VelocityEHS	Rob Paulsen, Tesla	Victoria Ballard, Forensic Human Factors, LLC	Sydney Kelley, Cintas Corporation
		4390	4589			4389
3/18	8:30 am - 9:00 am	Addressing Exoskeleton Architectural Diversity in Ergonomic and Biomechanical Studies	Control Room Ergonomics Management. Adapting the program for a 24/7 high stress environment.			Making the shift into Ergonomics- Now what?
Tuesday		Homayoon Kazerooni, University of California at Berkeley	Lorraine Oswald, Enbridge			Lauren Krywy, Sandalwood Ergonomics and Engineering
Lue		4481	4398	4307		4218
	9:00 am - 9:30 am	Uncovering Injury Root Causes and Measuring Impact: How Al Achieved a 60% Reduction in Injuries	Ergonomics micro-learning development: Translating complex concepts into understandable workplace strategies	Environmental concerns for material handling equipment		What I've Learned During The Last Thirty Years
y 3/18		Cheryl Roy, DORN Companies	Christina Timmons, Taylor'd Ergonomics Incorporated	Rob Jorden, Blickle USA		Jose Banaag, retired
da	9:45 am - 10:45 am		Keyno	ote Presentation - Karl Zelik (Junior E	Ballroom)	
Tuesday	10:45 am - 3:00 pm			Exhibit Hall Open (Grand Ballroom)	
二	Noon - 1:15 pm			Lunch (Junior Ballroom)		
	1:00 pm - 2:00 pm			Poster Sessions (Grand Foyer)		
	1:00 pm 2:45 p.m			AES Town Hall (Salon 7-8)		

8	Track	Advancements in Ergonomics 2	Ergonomics Programs 2	Ergonomics in Action 2	Office Ergonomics 1	Student/ YP 2
y 3/1	Session Coordinator: TBD	Salon 1/2	Salon 11/12	Salon 3	Salon 10	Salon 4
gg			4749	4432	4441	4483
Tuesday	3:00 pm - 3:30 pm	#N/A	Integrating Ergonomics into Existing Systems	Optimizing Push/Pull Efficiency: Wheel Material Selection Considering Secondary Risk Factors	Lessons Learned from Office Ergonomics Program sustainment - understanding and eliminating barriers to user adoption	Transitioning into Ergonomics: Leveraging your Skills and Experience
		#N/A	Heather White, The Ergonomics Center	Madeline Shoot, Darcor Limited	Lorraine oswald, Enbridge Inc	Kaysey Aguilar,
9		4328	4479	4295	4581	
Tuesday 3/18	3:30 pm - 4:00 pm	Biomechanics and Al: Enhancing Ergonomic Risk Analysis for Injury Prevention and Workplace Efficiency	Moving Beyond Basic Ergonomic Assessments	Push and Pull forces, what factors have the greatest effect?	Stay Liquid: Adapting Your Ergonomics Program to a Hybrid Work Environment	
12		Ashley Mayo, PT, DPT, AEP, Fit For Work	Alex Smith, DORN Companies	Rob Jorden, Blickle USA	LaQuandra Bass, Wells Fargo	
		4420	4868	4930	10975	
3/18	4:00 pm - 4:30 pm	The Essential Role of Al and Machine Learning in Your Ergonomics Program	Lockheed Martin's Participative Ergonomics Train-the-Trainer Program	The Business Case of Cart Ergonomics	Best Practices for Virtual Office Ergonomics	
uesday 3		Shane Larson, Inseer	Charlene Cornish, Lockheed Martin	Derrick Palma, Ford Motor Company	Carrie Bath-Scheel, Occucare Injury Prevention	
ser	5:15 pm - 6:15 pm			Speed Networking (Junior Ballroon	n)	
-	6:00 pm - 9:00 pm		Networking Events (Pinstripes and	World of Chocolate Museum - Transp	ortation Pickup at Signature 1 Entrance)	

Wednesday, March 18, 2025

	Track	Advancements in Ergonomics 3	Ergonomics Programs 3	Ergonomics in Action 3	Office Ergonomics 2	RT/ MT
	Session Coordinator: TBD	Salon 1/2	Salon 11/12	Salon 3	Salon 10	Salon 9
3/19	טפו	4426	4458	4407	4401	4384
Wednesday 3/	8:00 am - 8:45 am	Quantifying Effort Durations for Common Automotive Assembly Tasks	Partnering Ergonomics with Operations Excellence Teams	Shifting Culture: A new way to look at total employee health and ergonomics (Case Study)	There's no place like home or is there?: Common challenges adopting hybrid work	Professional Development within Ergonomics
edne		Michael Watterworth, Ontario Tech University	Jamie Burget, Lockheed Martin	Morgan Charlow, WorkCare, Inc	Victoria Brunet, Sandalwood	Madeline Shoot,
Š		4663	4276	4385	4270	
	8:45 am - 9:30 am	Force Atlas: A Closer Look	Integrating Ergonomics with Continuous Improvement Initiatives: Considerations for the Human Operator	Field Results: Impact of Verve Motion Exosuits on Selection at Wegmans Food Markets, Inc.	Computer Workstation Comfort - It's Probably Not What You Think	
Wednesday 3/19		Owen Janisse, Sandalwood Engineering & Ergonomics	James Rethaber, Ph.D., CPE, LSSMBB, Fit For Work	Nancy Laurie, Wegmans Food Markets, Inc.	Chris Dockery, BMW Manufacturing, LLC	
day	9:45 am - 10:45 am		Keynote	Presentation - Mike Courtney (Junio	or Ballroom)	
Jes	10:45 am - 1:15 pm			Exhibit Hall Open (Grand Ballroom	n)	
edr	11:30 am - 12:30 pm			Poster Presentations (Grand Foye	r)	
≥	Noon - 1:15 pm			Lunch Break		
	Track	Advancements in Ergonomics 4	Ergonomics Programs 4	Ergonomics in Action 4	Office Ergonomics 3	RT/ MT
	Session Coordinator: TBD	Salon 1/2	Salon 11/12	Salon 3	Salon 10	Salon 9
		4235	4338	4399	4827	10878
Wednesday 3/19	1:30 pm - 2:15 pm	A Multi-Disciplinary Approach to Integrating Ergonomic Solutions into Software Innovations	New Hires for Success	Promoting the use of ergonomic work strategies for Long-Term Care	Classroom Ergonomics: Designing Healthy Learning Environments	Enhancing Workplace Safety and Efficiency through Ergonomically Optimized Casters□
esda		Vincent Racco, Amazon	David Catallo, Honda of Canada Mfg.	Carrie Taylor, Taylor'd Ergonomics Incorporated	Maya Peleg, Humanscale	Eric Hassen, Caster Connection, Inc.
edr		4676	4456	4344	4803	
M	2:15 - 3:00 pm	Can Al based human pose estimates be used to generate meaningful ergonomic assessments?	Why body mechanics as a first step in a participatory ergonomics program	Investigating the Operational Impacts of Our Facility Designs: Driving Evolution in our Engineering Standards	Hybrid Office Workers - Does location matter for mental stress?	
		Christina Cort, Siemens	Caroline Furtak, United Airlines	Wendy Lee, Enbridge	Martha Parker, Texas A&M University	
3/19	3:00 pm - 3:15 pm		l	Afternoon Break		
y 3	Track	Advancements in Ergonomics 5	Ergonomics Program 5	FEATURED SPEAKERS		MT/ RT
Wednesday	Session Coordinator: TBD	Salon 1/2	Salon 11/12	Salon 3		Salon 9
ğ		4770	4447	5047		4309
We	3:15 pm - 4:00 pm	Exoskeletons in the Workplace: Navigating the Path to Widespread Adoption and Overcoming Implementation Challenges	Examining the Factors that Influence Lift Assist Compliance in Manufacturing	The invisible force? Opportunities in Sensors, Computer Vision, and Artificial Intelligence for Determining Worker Exertions	#N/A	Components of a cart program: Panelists will share key aspects and learnings of their program
		Laniesha Littleton, ihealth 360	Joey Prange, Tesla	Denny Yu, Purdue University	#N/A	KEITH WHITE, Lennox International Inc.
U,		4007	4257	8691		
3/1		4337				
Wednesday 3/19	4:00 pm - 4:45 pm	Evaluation of passive exoskeletons on physical and cognitive demands and their relationship with user preference	Six Common Reasons Why Workplace Ergonomics Deployments Fail	The Ergonomic Advantage: Five Essential Lessons You Need to Know	#N/A	

Thursday, March 20, 2025

	Track	Advancements in Ergonomics 6	Business of Ergonomics 1	Ergonomics in Action 5	Applied Research 1	MT/ RT
	Session Coordinator: TBD	Salon 1/2	Salon 11/12	Salon 3	Salon 10	Salon 9
	8:00 am - 8:30 am	4446	4443	10880	4391	4465
ay 3/20		Motion Capture: Better Movement Everyday	Productivity Through Practical Ergonomics	Building a Strong Ergonomics Program: TMMC's Approach to MSD Prevention and Job Fit Optimization	Evaluating Workforce Safety and Training in Manufacturing for Industry 4.0	Posture Relief: effective ways to implement & sustain in pre-shift and during shift
Thursday		Kristianne Egbert, Briotix Health	Jane Scafati, CNA Insurance	Seth Burt, Toyota Motor Manufacturing Canada	Nishat Alam, West Virginia University	Paul Venuto, Doctors of Physical Therapy
드		4450	4822	4476	4486	
	8:30 am - 9:00 am	Extended Reality in Ergonomics: Training with your own Avatar	Frontline Workers' Perspectives on the Prevention of Musculoskeletal Disorders	Do Not Overlook Maintenance Partners on your Ergo Teams.	Ergonomics and ADHD: Assessing and Addressing Psychosocial Stress, Self-Efficacy, and Support Systems in Manufacturing Workers	
ay 3/20		Norbert Lechner, Austrian Workers Compensation Board - Prevention Department	Rammohan Maikala, National Safety Council	Woody Rogers, Cintas Loc 45	Victoria Ballard, Auburn University/Forensic Human Factors, LLC	
ps.		4582	4410	4890	4355	
Thursday	9:00 am - 9:30 am	Creation of a motion library for human simulation authoring	Cultivating Unique Leadership & Marketing Skills to Help You Elevate Your Ergonomics Programs & Initiatives	The Challenges of Job Rotation	Assessing Physical Fatigue Utilizing Wearable Sensors to Improve Workplace Ergonomics and Safety	
		Joel Cort, University of Windsor	Bobbie Watts, Michelin North America	Allison Stephens, Fanshawe College	Md Hadisur Rahman, West Virginia University	
	9:30 am - 10:00 am			Break		
ızı						
1%	Track	Applied Research 2	Business of Ergonomics 2	Ergonomics in Action 6	Ergonomics in HSE 1	RT/ MT
lay 3/20	Track Session Coordinator: TBD	Applied Research 2 Salon 1/2	Business of Ergonomics 2 Salon 11/12	Ergonomics in Action 6 Salon 3	Ergonomics in HSE 1 Salon 10	RT/ MT Salon 9
ırsday 3/2	Session Coordinator:	• •		Salon 3 4466		
Thursday 3/2	Session Coordinator:	Salon 1/2	Salon 11/12	Salon 3	Salon 10	Salon 9
Thursday	Session Coordinator: TBD	Salon 1/2 4514 Establishing Torque-Angle Equations to Predict Low Back	Salon 11/12 4397 "Move It!" – Do active microbreaks improve worker comfort,	Salon 3 4466 Ergonomic Challenges in Vivarium's: Addressing Safety in Breeding Facilities and Contract	Salon 10 4455 Physical Ability Testing: Is it Legal and	Salon 9 4333 Integrating sensorless motion capture and assessments into a site
Thursday	Session Coordinator: TBD	Salon 1/2 4514 Establishing Torque-Angle Equations to Predict Low Back Exoskeleton Support Moment	Salon 11/12 4397 "Move It!" – Do active microbreaks improve worker comfort, productivity, and quality? Carrie Taylor, Taylor'd Ergonomics Incorporated 4665	Salon 3 4466 Ergonomic Challenges in Vivarium's: Addressing Safety in Breeding Facilities and Contract Research Organizations	Salon 10 4455 Physical Ability Testing: Is it Legal and How Can it Help My Organization?	Salon 9 4333 Integrating sensorless motion capture and assessments into a site ergonomics program KEITH WHITE, Lennox
3/20 Thursday	Session Coordinator: TBD	Salon 1/2 4514 Establishing Torque-Angle Equations to Predict Low Back Exoskeleton Support Moment Jarrod Smith, University of Windsor	Salon 11/12 4397 "Move It!" – Do active microbreaks improve worker comfort, productivity, and quality? Carrie Taylor, Taylor'd Ergonomics Incorporated	Salon 3 4466 Ergonomic Challenges in Vivarium's: Addressing Safety in Breeding Facilities and Contract Research Organizations Cara Armstrong, CNA	Salon 10 4455 Physical Ability Testing: Is it Legal and How Can it Help My Organization? Chase Feeler, PT, DPT, WorkSTEPS	Salon 9 4333 Integrating sensorless motion capture and assessments into a site ergonomics program KEITH WHITE, Lennox
Thursday	TBD 10:00 am - 10:30 am	Salon 1/2 4514 Establishing Torque-Angle Equations to Predict Low Back Exoskeleton Support Moment Jarrod Smith, University of Windsor 4305 Effectiveness of a Trunk Posture Feedback System: A 6-Week Field	Salon 11/12 4397 "Move It!" – Do active microbreaks improve worker comfort, productivity, and quality? Carrie Taylor, Taylor'd Ergonomics Incorporated 4665 Harnessing Data for Safer Workplaces: Building a Unified Strategy for Occupational Health	Salon 3 4466 Ergonomic Challenges in Vivarium's: Addressing Safety in Breeding Facilities and Contract Research Organizations Cara Armstrong, CNA 4475 Preventing Musculoskeletal Disorders within Stone, Sand and	Salon 10 4455 Physical Ability Testing: Is it Legal and How Can it Help My Organization? Chase Feeler, PT, DPT, WorkSTEPS 4308 Prepare, Perform, Recover: A	Salon 9 4333 Integrating sensorless motion capture and assessments into a site ergonomics program KEITH WHITE, Lennox
3/20 Thursday	TBD 10:00 am - 10:30 am	Salon 1/2 4514 Establishing Torque-Angle Equations to Predict Low Back Exoskeleton Support Moment Jarrod Smith, University of Windsor 4305 Effectiveness of a Trunk Posture Feedback System: A 6-Week Field Study in a Distribution Center Jiwon Choi, Virginia Tech 4324	Salon 11/12 4397 "Move It!" – Do active microbreaks improve worker comfort, productivity, and quality? Carrie Taylor, Taylor'd Ergonomics Incorporated 4665 Harnessing Data for Safer Workplaces: Building a Unified Strategy for Occupational Health Insights	Salon 3 4466 Ergonomic Challenges in Vivarium's: Addressing Safety in Breeding Facilities and Contract Research Organizations Cara Armstrong, CNA 4475 Preventing Musculoskeletal Disorders within Stone, Sand and Gravel Mining Operations Todd Smith, Indiana University -	Salon 10 4455 Physical Ability Testing: Is it Legal and How Can it Help My Organization? Chase Feeler, PT, DPT, WorkSTEPS 4308 Prepare, Perform, Recover: A Blueprint for Health and Safety Rich Baudry, BRIO Health	Salon 9 4333 Integrating sensorless motion capture and assessments into a site ergonomics program KEITH WHITE, Lennox
Thursday 3/20 Thursday	TBD 10:00 am - 10:30 am	Salon 1/2 4514 Establishing Torque-Angle Equations to Predict Low Back Exoskeleton Support Moment Jarrod Smith, University of Windsor 4305 Effectiveness of a Trunk Posture Feedback System: A 6-Week Field Study in a Distribution Center Jiwon Choi, Virginia Tech	Salon 11/12 4397 "Move It!" – Do active microbreaks improve worker comfort, productivity, and quality? Carrie Taylor, Taylor'd Ergonomics Incorporated 4665 Harnessing Data for Safer Workplaces: Building a Unified Strategy for Occupational Health Insights Russ Hertzberg, Briotix Health	Salon 3 4466 Ergonomic Challenges in Vivarium's: Addressing Safety in Breeding Facilities and Contract Research Organizations Cara Armstrong, CNA 4475 Preventing Musculoskeletal Disorders within Stone, Sand and Gravel Mining Operations Todd Smith, Indiana University - Bloomington	Salon 10 4455 Physical Ability Testing: Is it Legal and How Can it Help My Organization?
